

2003 European Weightlifting Championships  
15-20 April  
Loutraki, Greece

## POST-COMPETITION PRESS CONFERENCE Women's +75 kg.

Loutraki, 18.04.03

**Albina Khomitch (RUS):** "I am very happy for my success in this beautiful setting. I never expected Agata Wrobel to forfeit her last attempt in the clean & jerk. I respect Wrobel very much and I always take opposition from her seriously."

**Agata Wrobel (POL):** "The 162.5 kg. were more than I could manage, as I have just returned to training during two weeks ago, following an injury. I am satisfied with the silver medal, although one always wants to have done better. My goal for the Olympic Games is to lift 300 kg. and to win the gold medal."

**Deriya Acikgoz (TUR):** "I am satisfied with the third place that I achieved, although I believe I could have gotten between Khomitch and Wrobel. The match was very strong and close and I believe the result is fair. My next goal is the World Championships, where I want a place on the podium."
